

**2011 Small Church Request for Aid
Annual Progress Report for the Division of Small Membership Churches**

Return to Presbytery Office by: September 1, 2010 Date received: _____

The ministry of the Presbytery and Small Church Division is to help churches grow in faith and vitality, in love of God and neighbor and in demonstrating God's love by their actions. The Presbytery is honored to be in partnership with local churches to provide help with staff support.

Our major funding is to supplement the gifts of the local congregation in helping churches take steps to risk changing and growing in faith, worship, witness and service. This is transformational, redevelopment, and sacrificial growth when a congregation commits to step out in faith to respond to God's call to grow in new ways.

In addition, the presbytery is able to help with limited support during times of transitions for a church to recover or engage in discernment for the future as it listens to God's call.
