

InTouch

For and About Small Membership Churches

InTouch is an occasional newsletter designed to celebrate the wonderful ministries of small churches in The Presbytery of Western North Carolina. This is an excellent way to share how God is at work in YOUR congregation. InTouch is a place to share information, network with people from other small membership churches, celebrate the blessings of YOUR ministry, to help other small membership churches celebrate their mission.

- Tell the presbytery powerful ways in which God works through small congregations of faithful people.
- Share how YOUR church lives as a disciple of Christ with too few people and too few resources.
- Celebrate what makes YOUR small membership church a vital and living part of the Body of Christ.
- Encourage other small membership churches that might be struggling.
- Witness to the impact of YOUR church in the community through missions and ministry.

Send us an article about YOUR church. You can send it by email, or snail mail, or even call Ed Loper and talk about YOUR church and speak an article into being. Help the Division of Small Membership Churches to shout the good news that small membership churches are alive, vital, and doing God's work.
