Make plans **NOW** to send a member of your mission or outreach committee to one of the training events listed above. Each training event will last 2.5 hours. Come learn ways your congregation can get involved in the fight against hunger; share ideas with others about “what works”; participate in “hands-on” activities that you can take back to your own congregation!

Please R.S.V.P to the contact person for the event you plan to attend!

Brought to you by the Hunger Committee of Presbytery of Western North Carolina.
