The team asks that you pray with us that:

- * God will be present in what we say and do, and there may be a mutual feeling of God's presence in the relationships we build.
- * **God will care for and support our families and loved ones as we travel.**
- * **God would continue to bless the ministry and mission of Barbara Nagy and the staff of Nkhoma Hospital and the Ebenezer School.**
- * God would bless all who supported this mission through prayer, education and donated supplies. We give God praise and gratitude for those whose financial support enables us to go to Malawi, especially in these hard economic times.
- * **If it's God's will, we would have safe travel, no lost luggage and no one getting sick!**
- * **God's glory may be made better known when we return, by the stories we are able to share and the spiritual growth in our lives.**

Our work projects this year include:

Maintenance work, painting, murals and volunteer work at Nkhoma Hospital, Ebenezer School, staff housing and the guardian shelters.
